

# 5LL – The 5 Love Languages: A Guide to Living Your Love Language

Presented by Cindy Cline & Ed Green

We have all heard the old saying that has to do with hope: “there is always a light at the end of the tunnel”. During this past year, the pandemic has been a tough time for us all and for many, has proven to be a most stressful and challenging time for our relationships. Many have felt that “the light at the end of the tunnel has gone out”. Sounds funny, right? But not really. In the U.S., sales of online self-help divorce agreements rose by 34% this spring compared to last year, and family lawyers surveyed in April and July reported a 25% to 35% increase in requests to start divorce proceedings compared to the same time in 2019, according to WebMD.

Now, as we begin to see a light at the end of the tunnel once again, is the perfect time for renewal. As we feel our sense of hope returning, it is also the time to turn your attention and efforts to that one person who has stuck by you throughout all of the stress and uncertainty of this past year.

Are you ready to learn and be guided as you learn to recapture and enhance those special feelings with your loved one? Ready to renew and brighten that dim light at the end of the tunnel? To strengthen your relationship and rediscover that deeper, more loving, and meaningful, stronger-than-ever connection?

If your answer is YES, then join us for our online interactive *5 Love Languages Workshop: A Guide to Living Your Love Language*.

*The 5 Love Languages (5LL): A Guide to Living Your Love Language* online workshop is based on the #1 New York Times Bestseller, *The Five Love Languages* written by Dr. Gary Chapman. He tells us understanding our love language can best describe how we receive, and give back, our love.

This workshop (designed for couples and singles) will introduce each participant to the 5 love languages that is so important to understand in any relationship. You will discover your love language, what is most important to you and your partner in your relationship, and gain insight into your communication styles.
